

ASSA ABLOY HS9120G

The ASSA ABLOY HS9120G is a durable high-cycle door designed to meet increasing operational demands with greater safety and reliability. Able to seamlessly integrate in a wide range of internal applications, this high speed, high-performance door offers complete peace of mind.

- Robust galvanised steel construction
- Fast opening up to 2 m/s and closing at 0.5 m/s
- Modern space saving design
- Reduced downtime
- Improved traffic flow
- Energy saving benefits
- Easily integrates into all environments
- Touchless entry system available

Integrated safety and hygiene

The best of performance and protection

The ASSA ABLOY HS9120G and ASSA ABLOY HS9120GHY feature a range of new and improved safety and performance features that are essential to your operations.

- **Safety light curtain:** capable of sensing the smallest of objects, so if anything is detected in the way, the door's closing will stop immediately and reopen
- **Soft-bottom profile:** with no rigid parts, the door will give way should an obstruction occur in the line of closing
- **Break-away and automatic reset system:** the door curtain will reintroduce itself after a crash to reduce downtime and maintenance
- **SPOT ON opening system:** an optional fully touchless opening system for easier entry and more hygienic operation
- **Control unit enclosure:** an optional slanted stainless-steel enclosure for further protection from contamination, drafts and dust.

Improved indoor climate

Reduce noise levels and energy loss

Providing a high level of acoustic insulation and thermal properties, an optional door curtain is available to reduce noise levels and energy loss between your production areas – improving the indoor environment for your personnel and equipment.

Foam curtain colors

Designed with a smooth back side and insulating foam front side, the curtain is available in two colors.

| Agate grey | Vinyl side Signal white | Foamed side Pure white |
|------------|----------------------------|---------------------------|
| RAL 7038 | RAL 9003 | RAL 9010 |

Standard available colors

Our standard door curtain comes in a range of colors together with windows and vision panels to increase daylight and visibility levels.

| | | | | | |
|---------------------------|-------------------------|----------------------------|-----------------------------|--------------------------|------------------------------|
| Signal yellow RAL 1003 | Pure orange RAL 2004 | Flame red RAL 3000 | Moss green RAL 6005 | Gentian blue RAL 5010 | Ultramarine blue RAL 5002 |
| White RAL 9010 | Light grey RAL 7035 | Traffic grey B RAL 7043 | Anthracite grey RAL 7043 | Jet black RAL 9005 | |

ASSA ABLOY HS9120GHY

Offering the same benefits as the ASSA ABLOY HS9120G, the ASSA ABLOY HS9120GHY is designed specifically for hygienic applications in humid or corrosive environments. It also easily integrates into your operations for more efficiency and safety while meeting stringent hygiene demands.

- Made of stainless steel
- Optimum protection for hygiene-sensitive areas
- High corrosion resistance
- Protection against drafts, humidity and contamination
- Fast opening up to 2 m/s and closing at 0.5 m/s
- Modern space saving design
- Reduced downtime
- Improved traffic flow
- Energy saving benefits
- Easily integrates into all environments
- Touchless entry available
- Enclosed control box available

Higher value doors for higher demands

Meet the growing demands of your business

As the pace of industry accelerates – especially within the manufacturing, metals and food industries – high speed doors are more vital than ever in maintaining fast and efficient operations.

But it's not only more speed that's a high priority. So is maximising safety – ensuring no harm ever comes to personnel or equipment in these higher-demand and higher-risk environments.

The ASSA ABLOY HS9120G and ASSA ABLOY HS9120GHY are two new high-speed doors that meet the increasing demand of your operations.

Both offer a range of new value-added benefits to give you a high-performing, high speed interior door. All in one aesthetic and modern design. So you can accelerate the flow of people and goods, while maximising protection and ensuring a more comfortable indoor climate.

The ASSA ABLOY Group is the global leader in access solutions. Every day, we help billions of people experience a more open world.

ASSA ABLOY Entrance Systems provides solutions for efficient and safe flow of goods and people. Our offering includes a wide range of automated pedestrian, industrial and residential doors, loading dock equipment, perimeter fencing and service.
